Re: Request for an application for Duchesne County to apply for a Notice of Intention to Commence Large Mining Operations.

Dear Mr. Hedberg:

I am writing to you at the request of the County Commissioners, they have decided to apply for the large mining permit in Duchesne County's name. I was hoping that you could either Fax me a copy of the application LMO-NOI, or send me a copy in the mail. The Commissioners are meeting again on April 4, 1995, and they want us to have it filled out and ready to go so they can approve it in the Minutes. If you could please help us with this so that we can comply with the regulations set by the State we would appreciate it. I know that you sent a copy of this to the Fausells but, they have lost it or something.

If you should need any additional information on this you can contact me and/or Leon Fillingim at (801)-738-2468. Our Fax # is (801)-738-5924, and if you do not reach us at 738-2468 then call 738-2469 and leave a message after five rings. I will return your call when possible. Thank you for your assistance on this application request.

Sincerely,

Nancy L. Bird
